Progress Test 1 — after Lessons 1 to 3

Part 6 of 6: Answer key, marking and what to do next

Level: A2 · checks Lessons 1, 2 and 3

About 10 minutes · this part carries a sheet

Section 1 — Listening (20 marks)

Q	ANSWER	MARKS
1	B	3
2	B	3
3	C	3
4	A	3
5	C	3
6	Before anyone turns the computer off, they must look at the screen and ask the room.	5

Section 2 — Reading (30 marks)

Q	ANSWER	MARKS
1	A	4
2	B	4
3	D	4
4	B	4
5	C	4
6	A	4
7	A	3
8	A	3

Why 7 is [A]: the sentence explains why the fast memory is not safe, so it can only follow "But it is not safe." At [B] and [C]** it contradicts the disk, which keeps files with the power off.

Why 8 is A**: that paragraph is an example of the rule in the paragraph before it, not a new fact about disks and not a complaint about students.

Section 3 — Vocabulary and grammar (30 marks)

Part A: 1. flat · 2. backup · 3. server · 4. browser · 5. charge · 6. disappear · 7. stuck · 8. everywhere · 9. tool · 10. download

Part B: 1. wakes up · 2. studied · 3. did not find · 4. Did … have · 5. was sitting · 6. were laughing · 7. was writing · 8. was not laughing · 9. when · 10. While

Part C: 1. /t/ · 2. /d/ · 3. /ɪd/ · 4. /t/ · 5. /ɪd/

Part D: 1. breakfast (the others are computer words) · 2. important (the others are past-simple verbs) · 3. version (the others are things you can touch) · 4. stuck (the others describe speed) · 5. careful (the others are nouns about files)

Section 4 — Writing (10 marks) and Section 5 — Speaking (10 marks): mark with the tables on those sheets.

What the score means

SCORE	WHAT TO DO NEXT
85–100	Strong. Go to Lesson 4 at full speed.
70–84	On track for B2. Go to Lesson 4.
55–69	Revise the weakest section below, then go to Lesson 4.
Under 55	Repeat Lessons 2 and 3 before going on.

This is a progress test against this course, not a TOEFL score. It says whether the first three lessons have stuck, and which one to go back to. A real TOEFL iBT estimate needs full-length sections and a far longer reading passage; the first of those comes after Lesson 8.

Which lesson to go back to

WEAK SECTION	GO BACK TO
Section 1 — Listening	Lesson 1 part 01 and Lesson 3 part 01. Listen with no text, twice, every day for a week.
Section 2 — Reading	Lesson 2 part 06 and Lesson 3 part 06. The question types are the same every lesson; only the text changes.
Section 3 Part A — Vocabulary	The vocabulary part of whichever lesson the missed words came from (the lesson number is in the key above).
Section 3 Part B — Grammar	Lesson 2 part 04 for the past simple, Lesson 3 part 04 for the past continuous.
Section 3 Part C — -ed sounds	Lesson 2 part 05.
Section 4 — Writing	Lesson 3 part 09, and rewrite the same task.
Section 5 — Speaking	Lesson 3 part 08. Record, listen to yourself, record again.

Teacher notes

What this test is for. Three lessons is early for a test, and that is the point: it catches a wrong habit while it is still cheap to fix. The two texts are new, so nothing here can be answered from memory of the lessons.

Where the marks sit. Half the paper (Sections 1 and 2) is the TOEFL-type question set the course has used since Lesson 1, in the same six types plus the two added in Lessons 2 and 3. If she scores well on the lessons and badly here, the problem is transfer to an unseen text, not the types.

The tense items are the ones to watch. Section 3 Part B items 5 to 10 separate past simple from past continuous. An Arabic speaker who marks the past once will write while I worked; if items 9 and 10 are both wrong, go straight back to Lesson 3 section 3.4 and drill when against while before Lesson 4.

The listening passage is played twice, as in every lesson so far. From the test after Lesson 6, play it once: by then the listen-twice rule has done its work and TOEFL itself plays nothing twice.

Marking the open sections. Sections 4 and 5 are 20 of the 100 marks and are teacher judgement against the small tables on their sheets. Mark them before adding the objective score, so a strong story does not soften a weak tense count.
